PySpark on a VM

Little guide to install a VM with PySpark:

1. Install: https://download.virtualbox.org/virtualbox/7.0.12/VirtualBox-7.0.12-159484-Win.exe
2. Maybe you also need to install: https://aka.ms/vs/17/release/vc_redist.x64.exe
3. Download from here the VM: http://olmo.datsi.fi.upm.es/~jacosta/BD_VM/BD_VM.ova ~9G
4. Import the VM into the Oracle VM
5. Start the VM
6. Password for the user student is: password
